

Making a Pom Pom

Pom pom making technique for
The Velvet Acorn designs.

Pom pom instructions:

1. Begin by wrapping the yarn around your hand. I like to wrap the yarn roughly 60 times (more if I want a really fluffy pom).
2. Carefully remove the wrapped yarn from your hand and place it over a 7 inch length piece of yarn.
3. Tie the 7 inch piece of yarn around the wrapped yarn piece tightly.
4. Next use your scissors to cut the loops of the wrapped yarn.
5. Now simply trim the yarn ball over a trash can until you create a more uniform look.
